3.3 Citizen Entrepreneurial Development Agency

The government established Citizen Entrepreneurial Development Agency (CEDA) in response to recommendations of both the National Conference on Citizen Economic Empowerment (NACCEE) held in July 1999 in Gaborone and the 4th evaluation of the Financial Assistance Policy, which was terminated in 2000. Both reports called for support of business development to promote development of citizen entrepreneurship, which had been found lacking among a large majority of citizens. NACCEE also recommended that the citizen empowerment schemes be consolidated, and the financial assistance provided as loans and not grants. It is against this background that government established CEDA to redirect the efforts to deal with constraints affecting the development of citizen businesses and participation in the economy.
