2. COMMERCIAL BANKS

Commercial banks are entities licensed under the Banking Act (Cap. 46:04) to conduct banking business. The Banking Act defines banking business as the acceptance of deposits of money repayable on demand, after fixed periods or after notice, as the case may be, by cheque or otherwise. Banking business also means the use of deposits in the making out or giving of loans, advances, overdrafts or other similar facilities, and in undertaking investments or engaging in other operations authorised by law or under customary banking practice, for the account of, and at the risk of the person or persons accepting such deposits, and includes the discounting of commercial paper, securities and other negotiable instruments, for the purpose of extending loans or other credit facilities.

3.3 Citizen Entrepreneurial Development Agency

The government established Citizen Entrepreneurial Development Agency (CEDA) in response to recommendations of both the National Conference on Citizen Economic Empowerment (NACCEE) held in July 1999 in Gaborone and the 4th evaluation of the Financial Assistance Policy, which was terminated in 2000. Both reports called for support of business development to promote development of citizen entrepreneurship, which had been found lacking among a large majority of citizens. NACCEE also recommended that the citizen empowerment schemes be consolidated, and the financial assistance provided as loans and not grants. It is against this background that government established CEDA to redirect the efforts to deal with constraints affecting the development of citizen businesses and participation in the economy.
